Thank you to those who sent donations & supported in the Success of the 11th Annual World Day of the Sick Mass.

We are totally supported by Donations- thank you so much for your love & support.

Together we helped graces and mercy spread locally & across the world. - NO ONE HAVE I EXCLUDED! (Diary1182)
Many were in attendance along with you & all in spirit across the World.

The renovations of the Shrine are going well. There is still more to do & more money to raise. Also, we are developing different ways to reach people around the world to help them encounter our Lord and grow in holiness. **Together** we are making a difference around the world & beyond in the lives of souls. **What a beautiful thought** that when our time of passing on to our Lord comes, we will have so many prayers being offered for us until we are standing in front of the Face of God and don't need prayers anymore. Jesus, I trust in You!

Help support us with your donations so we can reach out to more people across the world. Help us to help others as we follow in the charism of St Faustina by helping souls through prayer and sacrifice.
